

# HORAMAN

## COMPANY PROFILE

MAY 2025

# ABOUT US

Horaman Sanat Majd company started his activity in 2019 in Iran Market as Exclusive Agent of World-known companies from Germany, Italy, South Korea and China in the field of Oil, Gas, Petrochemical and Energy to supply key products such as:

- Explosion Proof Electric Motors
- Mechanical Seals
- Vibration Monitoring Systems
- Coupling
- Gear Pump
- Pulley and Belt
- Accumulators

Due to the requirements of Iran market, we made agreements with our partner to get the technology for production of some products such as:

- Mechanical Seal Support Systems
- Forced Lubrication Systems.
- Bearing Blocks
- Pneumatic Actuators

**HORAMAN**

Hyosung Heavy Industries complies with international standards such as KS, IEC and NEMA, and is produced with excellent insulation ability and low vibration/low noise design for electric motors. It is installed in various industries such as Power Plant, Oil & Gas, Petrochemical, Desalination, Ship, Steel, etc.

## Product Range:

- LV Electric Motor
- MV & HV Electric Motor
- Slip-ring Electric Motor
- Double Speed and Dahlander Electric Motor
- Explosion Proof Electric Motor

Sealtek® was established in 1989, by a management with over 10 years of field experience in sealing devices and industrial maintenance, to satisfy the industry demand for products which would meet the severe requirements of its customers. With this in mind, Sealtek® takes the end users' technical needs along with the input from the installation and maintenance functions to design and manufacture reliable and high quality products.

**HORAMAN**

PVTVM provides the most complete offerings for the monitoring and protection of critical machines and balance of plant machines. PVTVM, Inc will continue to provide the most innovative machine vibration monitoring products and outstanding customer service which will lead to PVTVM being the fastest growing vibration company in the world. PVTVM 's product range includes : Machine Condition Monitoring Software, Machine Protection System, Digital Transmitter Monitors, Transmitters, Sensors, Vibration Switches, Hand Held Vibration Meters, Portable Data Collectors and accessories.

**HORAMAN**

We design and produce elastic, flexible couplings always reliable and with high efficiency and standard and custom-made couplings for each specific industry application – lenght, coatings, materials, stiffnesses, dielectric insulation, ATEX, API610, API671, CU-TR10, CU-TR12, etc. certified products.

**HORAMAN**

Ultra Pompe Srl was founded in 1957 and since then produces hydraulic equipment and flow devices unabated. ULTRA POMPE Srl is one of the first Italian companies to design, produce and test external gear pumps completely in its own plants. ators for industrial and mobile applications.

GEAR PUMPS are Designed for metering, injections, vacuum extraction, lubrication and transfer of a great variety of fluids in any industrial application. More than forty years of experience and development are invested in this products range.

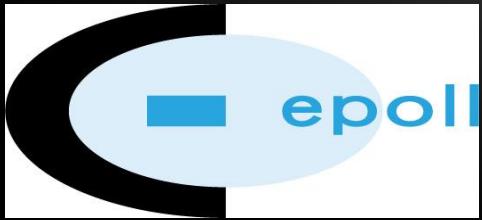

**HORAMAN**

Chiavalli is a European leading company in manufacturing and distributing components intended for mechanical transmission such as Pulley, Belt, Gearbox, Coupling, Polyurethane belt with cooperation with Gates.

**HORAMAN**

EPE italiana is the Italian Company worldwide leader in the production of hydropneumatic accumulators for industrial and mobile applications.

With 45 years' experience in this field, it can offer a wide range of products that meet the strictest international standards.

EPE italiana products are all certified and, thanks to its qualified technicians, it's able to offer the best technical solution.

**HORAMAN**

# Seal Support Supply system

A compulsory package beside double mechanical seal in API standard is seal support Supply system. We design and manufacture different plans such as Plan 23, 52, 53, 54 and 65 as per requirement of project and customer advice.

**HORAMAN**

# Forced Lubrication System

Our Forced Lubrication systems are designed to provide sustainable oil for lubrication of heavy industry application such as trust bearing and sleeve bearing of electric motors, pumps, turbine and compressors

**HORAMAN**

# Bearing Blocks

In order to fulfil the requirements of different applications of fan projects (Induced and Forced type) , we made various models to assure the optimum design with lowest cost and highest durability.

**HORAMAN**

# Pneumatic Actuators

Pneumatic Actuators are deigned to open and close the louvers and dampers in Air Cooler application.

**HORAMAN**

# OUR CLIENTS

- PUMPIRAN
- FATEH SANAT KIMIA
- ABAN AIR COOLER
- DAMAFIN THERMAL TECHNOLOGY
- ARYA SEPEHR KEYHAN
- PETROSAKHT CHEHLSOTON
- EIED
- PETROPARS
- IRAN INDUSTRIAL PUMP
- PARS VACUUM INDUSTRIES
- TEHRAN JAVAN
- BOSTANCHI INDUSTRIAL GROUP
- SAPHYAD
- MANGAN
- PETCO
- TASHA
- HAVAYAR
- PANTAN
- KAVEH MACHINERY
- KALAYE PUMP
- LIROOK
